

CONFIDENTIAL

19 December 1951

MEMORANDUM

TO :

FROM : Special Contracting Officer

SUBJECT: Applicability of Legislative Pay & Leave Policies
to Personnel Engaged under Contract

1. Attached hereto are my "impressions" of the consensus of the ad hoc Committee to consider the possible application of federal pay and leave legislation to contract personnel.

2. I have undoubtedly injected many of my own views and ideas to fill in various points which I believe were overlooked in the discussions and to indicate a procedure for implementing the policies as they may finally be established. For this reason, each addressee is asked to be very critical of this presentation and to pay particular attention to the practicalities of the indicated procedures.

3. Because time is an important factor from both an administrative and morale point of view, it is requested that the comments of each addressee be returned to the writer by 5 January if at all possible.
